

# Celebrating 70 Years of Excellence with a Forward-Looking Commitment

**January 2, 2026**

This year marks a significant milestone for our firm: 70 years of serving our clients with dedication, integrity, and exceptional legal knowledge and skill. As we commemorate Seven Decades of success, we're thrilled to announce the launch of our newly redesigned website, a reflection of our commitment to innovation and our vision for the future.

## Built for the Future of Litigation

While we're proud of our rich history and the generations of attorneys who have shaped our legacy, we remain focused on what lies ahead. The legal landscape is evolving rapidly, and so is Hedrick Gardner.

The redesigned website features:

- A modern, intuitive design that reflects our commitment to excellence
- Enhanced performance and functionality for a seamless user experience
- Updated attorney profiles that showcase our talented team
- An accessible platform that makes it easier to connect with our team and learn about our services

## Giving Back: 70 Acts of Service

To honor this milestone year, we're launching our 70 Acts of Service Campaign; a year-long commitment to giving back to the communities we serve. Throughout our anniversary year, our team will engage in 70 meaningful acts of service, from pro bono legal work to community partnerships and charitable initiatives. This campaign reflects our belief that being Built for the Future means investing in the people and communities around us.

"It's an honor to lead our firm through this milestone," said Managing Partner Paul Lawrence. "I'm incredibly proud of the culture we've built and the consistent quality of legal representation we provide to our clients. As we celebrate 70 years, we remain focused on evolving to meet the needs of those we serve while staying true to the values that have defined us from the beginning."

## Looking Forward

70 years is not just a milestone to celebrate: it's a foundation to build upon. As we honor the trust you've placed in us over the decades, we're more committed than ever to delivering forward-thinking legal solutions that meet the challenges of tomorrow.

We invite you to explore our new website and discover how we're evolving to serve you better.  
Thank you for being part of our journey, and for allowing us to be part of yours.

Here's to the next 70 years of Excellence, Innovation, and Partnership.
